

## BASIC SLINGING

**Introduction:** This training course was developed to provide employees who are required to sling loads on crane operations, with adequate knowledge and skills to execute the required Crane Slinging Operations safely, according to pre-set standards, to lift loads to the maximum weight of the type of crane.

**Maximum Learners 6 per course**

**Target group:**

All relevant production employees, artisan's as required per production needs, without previous certification

**Certification:**

- Theoretical assessments = 80% pass rate
- Practical assessments = Competent or Not Yet Competent
- 2 re-writes allowed per module

**Duration:**

2 Days

**Minimum entry level requirements:**

- Minimum Numeracy and Literacy ABET 4 / NQF 1

**If competent a certificate and ID card license will be issued, valid for two years.**

**We recommend a re-certification, every 2 years, which will serve as refresher training.**
